

National Water Safety Congress
Cold Water Immersion Survival
&
Rescue Recover, Re-Warm

ONE DAY (8 HOUR) COURSE

This course is based on “Beyond Boot Camp... the 3 R's, “(for Response, Rescue, Re-warming) a program designed for boating safety education volunteers and instructors, rescue specialists, and any first responders who may come in contact and be dealing with the Rescue, Recovery and Re-warming of a hypothermic victim.

The first part of this two part program is designed for law enforcement - firefighters - EMS providers - lifeguards, any and all First Responders, to further educate rescue specialists and boating safety educators about the risks associated with cold water immersion. It is intended as a teacher’s guide to Cold Water Boot Camp USA which will be used to educate recreational water users about the risks associated with cold water immersion. The second part, Beyond Boot Camp, will educate first responders on how to more safely and effectively deal with the rescue, recovery and re-warming of a hypothermic victim. Instruction will be provided on the safest and most proper way to contribute to the success of a rescue, recovery and re-warming protocol

Beyond Boot Camp USA...the 3 R's will re-enforce the effectiveness of Cold Water Boot Camp USA and at the same time benefit search and rescue (SAR). It can be expected that there will be reduced SAR missions by educating responders in cases of accidental immersion into cold water. With properly trained first responders the likelihood of a successful recovery and re-warming of a hypothermic victim is greater.

Fee Structure: One Day Course: **\$100.00** Per Student - Minimum 10 Students

Classroom and practical exercises. Be prepared for cold water!

Prerequisite: ALL Participants must be at least 18 years or older and have successfully completed a NASBLA Approved course

Certificate of Completion Provided

__Yes, I would like to ATTEND and participate in the National Water Safety Congress Cold Water Immersion Survival & Rescue Recover, Re-warm Education Course: One day / 8 Hour Certificate Course
